L. B. THRASH

Smoke Sulana.

The missionary society of the M. E. church met with Mrs. H. C. Minter Wednesday.

The creeks and river which were pretty high following the rains, are getting down into their banks again.

A mail carrier brought back with him from the Craneville neighborhood Thursday a dozen or two channel catfish of the desirable size.

It was reported that a municipal ice plant on the Kansas side of the Kansas City line could make artificial ice to be sold at 10 cents the 100 lbs.

Gov. Hunt of Arizona who is making a nation-wide reputation on account of reforms at the prison at Florence, is a former resident of Huntsville. He is the first governor of Arizona and one of the biggest in the business.

At Moberly this week a special service was held each evening at the Central Christian church, all Protestant churches joining in the service. The speakers were the pastors of the different churches who joined in the service.

Saturday evening at Moberly the pockets of Will Smith of Clifton Hill were relieved of \$7. A man was arrested for the alleged crime and was to be held awaiting his identification. Three men saw the money taken.

O. A. Potter of Laclede was in the K. C. market last week for a bunch of lambs and took with him 365 head weighing about 49 lbs. These will be fed for the late Spring market. Mr. Potter has been feeding sheep all during the winter and marketed a lot before he took the lambs.

**You Have Nasal Catarrh
Not Very Bad, But---
It Bothers You a Good Deal.**

Some people have nasal catarrh and know it. Not only the patient knows it, but all of his friends know it. Many people know it that are not his friends. Just those people who happen to meet him in the street car or on the public square.

That sort of a nasal catarrh need not be described. Everybody knows the symptoms without their disgusting recital.

Peruna helps such cases every day. Thousands have attested to this fact unsolicited. Peruna benefits even the worst cases of old nasal catarrh.

But there are cases of nasal catarrh not so evident. One nostril is stopped today. The other nostril is stopped tomorrow. Cannot breathe freely through the nostrils. Easy to sneeze. Mucus in the nose too thick. Sometimes forms brownish lumps. Catch cold easily. Never quite free of a cold. These symptoms describe a case of subacute nasal catarrh. Many people have it, and some who would not admit they have nasal catarrh.

He knows he must blow his nose freely. He remembers that he does not breathe easily through the nose.

The vote on the proposition to consolidate the schools of Yellow Creek will be voted on April 20 at the hall at Rothville. The proposed district comprises practically all of the township. The assessed valuation is over \$650,000. The proposed district is to comprise the following districts: No. 9 Holloway; No. 10 Stanley; No. 11 Ebbert; No. 19 Elk Springs; No. 20 Rothville; No. 21 Rose Hill; No. 22 Johnson; No. 23 Eastman.

DIRE DISTRESS

It Is Near at Hand to Hundreds of Keytesville Readers.

Don't neglect an aching back. Backache is often the kidney's cry for help.

Neglect hurrying to kidney's aid. Means that urinary troubles may follow.

Or danger of worse kidney trouble. Here's Carrollton testimony. H. Becker, 217 S. Locust St., Carrollton, Mo., says: "I have known of the value of Doan's Kidney Pills for over ten years and they have my strongest endorsement. I had hard backaches and pains over my kidneys and sides. It hurt me to stoop or lift and the kidney action was irregular. The complaint made me so miserable that I could not rest at night. I used Doan's Kidney Pills, and found relief. Since then, if any of my old troubles have shown up, I have at once taken Doan's Kidney Pills and always found them reliable."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Becker had. Foster-Milburn Co., Props., Buffalo, N. Y.

Reports from adjoining counties indicate that the blue grass prospered on account of two dry years, 1912 and 13. There is said to be three times as much blue grass in Livingston county as there was last year. The grass here has grown marvelously in the past few weeks. It seems that the heat and drought worked greater injury to the other kinds of grass than it did to the blue variety.

Mexico Wets Lose

The Supreme Court Thursday denied the contention of the wets at Mexico, Mo. that the County Unit Law was in force and that therefore the election held there some time ago was invalid, because the election was held under the local option law giving cities of more than 2500 the right to hold elections separate from the county. This will put saloons in Mexico out of business until the election this fall, even if the County Unit law is then defeated.

The decision of Judge Faris sets at rest any doubt as to when the referendum suspends a law against which it is invoked. It is suspended when the necessary petitions, adequately and properly signed, are filed with the Secretary of State, he ruled. He says:

"When we consider the primary object of the adoption of the referendum and have regard to the evils which its friends had in mind to correct by it any view other than that it suspends the taking effect of the act against which it is invoked until a vote be had is illogical and well nigh unthinkable."

"We feel constrained to hold that all acts of the Legislature touching which the referendum may be properly invoked are suspended by the filing of a legal, sufficient and timely petition for the submission of such acts to a vote of the people for their rejection or approval, and that all such acts take effect when and only after a vote of the people has approved them at an election in which a majority of the votes are cast in favor of such act."

Found a Cure for Rheumatism

"I suffered with rheumatism for two years and could not get my right hand to my mouth for that length of time," writes Lee L. Chapman, Mapleton, Iowa. "I suffered terrible pain so I could not sleep nor lie still at night. Five years ago I began using Chamberlain's Liniment and in two months I was well and have not suffered with rheumatism since." For sale by all dealers.

Finally Killed Self

Miss Stella Ramsey who some time ago tried to suicide at Camden and who was prevented by a railway station agent, finished the affair Wednesday of last week when she drank corrosive sublimate and passed away. The death occurred at the Charles Frazier home where she had been staying for some time. The young woman seems to have imagined considerable trouble and had ambitions which she had not realized. She was an orphan, 22 years old, a half sister of Elder J. M. Ramsey. She lived at Bynumville.

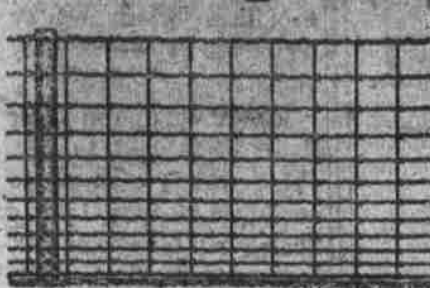

The Centralia Guard says that last week someone stole \$15 out of a desk belonging to Prof. Drace at the high school and left in exchange three pairs of scissors. Mr. Drace did not see the need of the three pairs of scissors unless they were merely symbols of his being separated from three five-dollar bills.

The rural carriers now have another job, that of hauling road overseers or commissioners when these men are actually engaged in inspecting the roads over which the mail routes go. The extension of parcel post facilities helped add to the duties of the carriers but this adds another 150 lbs at odd times.

A farmer in town last week said that the roads were worse right here in town than any place he had been. What is the trouble?

The New Hampshire conference of the M. E. church has adopted a plan to pension the retired ministers. The assessment of one per cent of Ministers' salaries is levied and a sum corresponding to 2 per cent of the salary is raised by the church.

W. D. VAUGHAN

**THICK, GLOSSY HAIR
FREE FROM DANDEUFF**

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scour robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Knowlton's Danderine from any drug store and just try it.

For Going to Mass

The New York conference of the Methodist Episcopal Church this afternoon tabled a resolution requesting the President of the United States to discontinue the custom of attending Thanksgiving mass in the Roman Catholic Cathedral in Washington.

The motion to table was carried by a vote of 80 to 73. The resolution said:

"Inasmuch as that service has been widely construed at home and abroad as the official thanksgiving service of the United States, we, the members of the New York Conference of the Methodist Episcopal Church most respectfully suggest to the President the propriety of discontinuing the practice."

The resolution provided that a copy should be sent to the senior Methodist Bishop in Washington with the request that he lay it before the President.

Dr. Thomas S. Bond, the author of the resolution and several supporters, including Dr. Wallace McMullen, assistant professor in Drew Theological Seminary and Christian Resner, said that no one took exception to the

President attending any church he chose as an individual, but when he attended the Catholic church with his official family the event could not help assuming an official significance.

It was their opinion that President Wilson was inconsistent in issuing a proclamation urging the people of the United States to assemble at their own churches on Thanksgiving Day and then attending himself a church to which he did not belong.

Those in favor of the resolution thought the Cabinet should and divide up and visit the churches. The resolution was opposed chiefly by Dr. P. M. Waters and George E. Heckman, editor of the Christian Advocate.

The latter protested that President Wilson's attendance at the cathedral was merely a traditional practice, followed by McKinley, Taft and Roosevelt.

Cough Medicine For Children

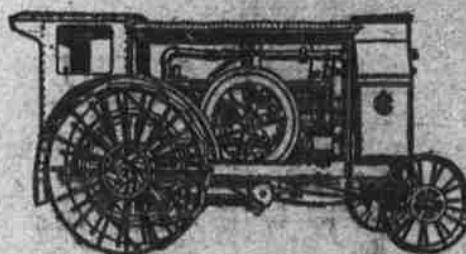

Too much care cannot be used in selecting a cough medicine for children. It should be pleasant to take, contain no harmful substance and be most effectual. Chamberlain's Cough Remedy meets these requirements and is a favorite with the mothers of young children everywhere. For sale by all dealers.

Several from here expect to go to Kansas City the latter part of this week to see the opera which shows there Saturday and Sunday.

Eggs for Hatching

Barred Plymouth Rock of a selected strain. Eggs \$1.00 per 15. Satisfaction guaranteed. H. D. Brightwell, Slater, Mo. Rt. 3. 7-10
